

**STOPIT™**

K-12 Solutions

## Protect Children

Our goal is to **protect children** from incidents of inappropriate conduct online and off-line.

- Empowers students to become **Upstanders**
- Allow **anonymous real time reporting** and the ability for faculty to follow up
- Access to **24/7/365** talk or text crisis center

“**STOPit** provides a **documented trail of actions**. Used by a school district to take **quick action** it will show that a school is **doing more than that required** by the **HIB Statute**. This is a **plus** when **defending against litigation**.”

**Scott C. Tennant**  
Area VP, Public Sector Practice  
Arthur J. Gallagher & CO

# Improved Investigations

**Automate the current process** improving the **quality and speed** of the **investigation**, while ensuring the **proper evidence** is **collected** and maintained.

- Follow up directly with anonymous submitters to ask questions or gather more information
- Cloud-based solution stores all evidence and case notes and facilitates the democratization of information
- Safe handling of inappropriate content
- Reminders and workflow tools help **maximize efficiency**
- STOPit schools have seen up to a **70% reduction in time spent investigating incidents**

## Reduce Claims

**STOPit** schools see up to a **50% reduction in reported incidents**

- Ability to address issues before they spiral out of control
- Creates a culture that **deters bad behavior**

“**STOPit** has allowed our district to be **proactive** in **dealing with incidents** of **harassment** and **bullying**. I have seen an **83% decrease in HIB Reports** submitted to my office since we unrolled this program.”

**Brian Luciani**

Principal

David Brearley Middle and High School

# Documentation & Preparedness

Be **litigation** ready

- Evidence and investigative actions are automatically **time and date stamped**
- Eliminate manual record keeping
- Support existing compliance programs

## Data-Driven Decisions

Leverage **powerful reporting dashboards**, alerts and analytics

- Turn data into **actionable intelligence**
- Improve your resource allocation
- Instantly **spot positive and negative trends**

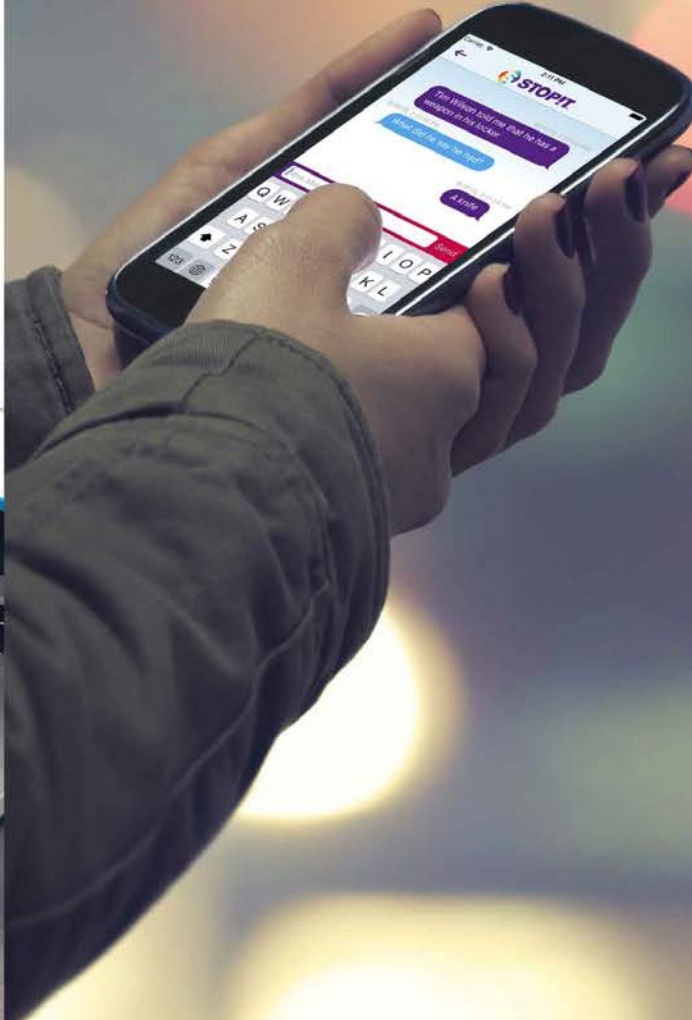

**STOP!T**<sup>TM</sup>

Appendix

# Real Time **REPORTING**

# Real Time **MESSAGING**

# Real Time **AWARENESS**

# Product **INTRO**

## **STOPit** Features

- Mobile app for quick, easy and anonymous reporting
- Photo and video evidence upload
- Two-way anonymous communication with administrators
- Simplified onboarding for users and administrators
- Access to 24/7/365 talk or text crisis center

## **STOPit Messenger:**

Real-time Crisis Management

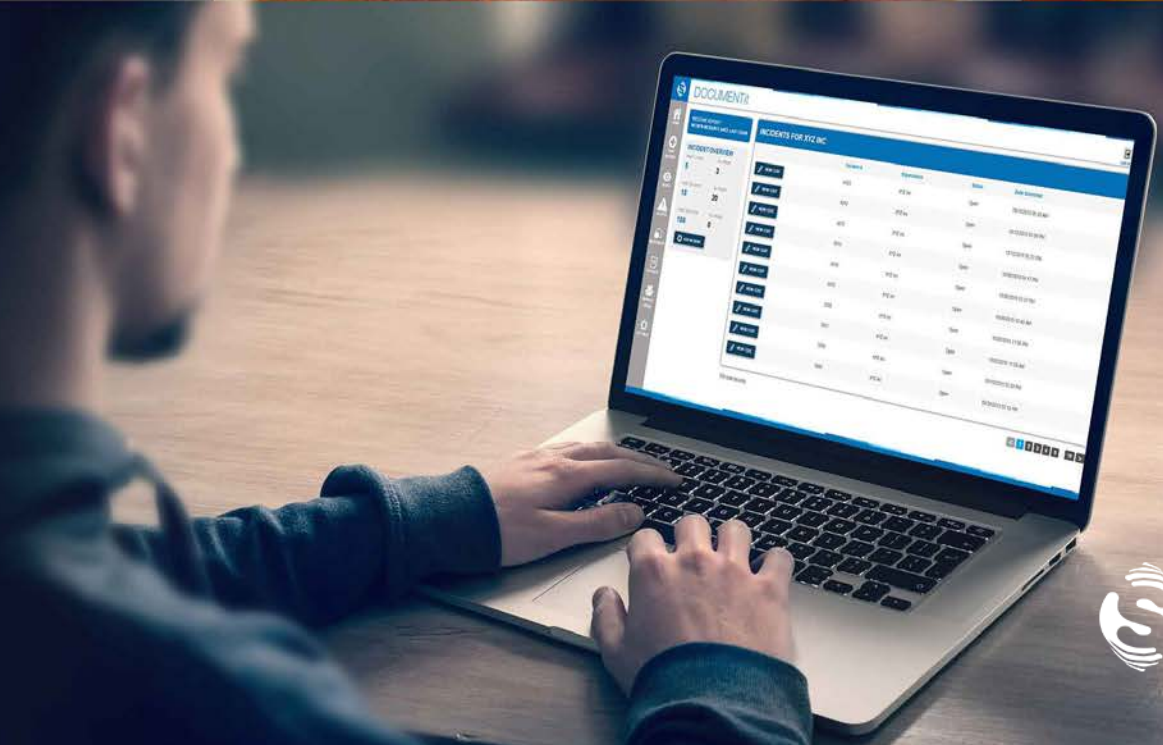

- Provides the unique ability to follow up with an anonymous reporter
- Real-time anonymous and encrypted communication
- Obtain actionable information
- Resolve issues in real time

## **DOCUMENTit**

Advanced Incident Features

- Receive real-time reports from users
- Proactively resolve issues before they go too far
- Mitigate risk and maintain legal compliance
- Built in reporting tools measure progress and identify trends
- Alert Engine automatically tracks activity and proactively identifies repeat offenders, behaviors or other issues

# Training & Education

Comprehensive approach; **various delivery mechanisms** for both the **mobile app** and **DOCUMENTit**

- **Online interactive training** platforms
- **Video** tutorials
- **“Quick Start”** guides
- Traditional **user manuals**
- Access to **STOPit Account Support** representatives

## Onboarding

- **Frictionless** administrator & student set up
- **“Set Up Wizard”** guides you through the **simple process** to **onboard all of your users**
- **Flexible set up** options:
  - Organizational relationships/Reporting structures
  - Incident tags, types and status
  - Feature “toggles”
- **Automated email** communication for new users (app & DOCUMENTit users)
- **STOPit Account Support** representatives **available 24/7/365** to assist
