

As an adjunct of your policy with Starr Insurance Companies, your company now has access to the eRiskHub®, powered by NetDiligence®.

The eRiskHub is a private web-based portal containing information and technical resources that can assist you in the prevention of network, cyber and privacy losses and support you in the timely reporting and recovery of losses if an incident occurs.

The eRiskHub portal is an internet-based service that features news, content and services from leading practitioners in risk management, computer forensics, forensic accounting, crisis communications, legal counsel, and other highly-specialized segments of cyber risk.

Please note the following:

1. The eRiskHub portal is a private site for customers of Starr Insurance Companies only. Do not share portal access instructions with anyone outside your organization. You are responsible for maintaining the confidentiality of the Access Code provided to you.
2. Up to three individuals from your organization may register and use the portal. Ideal candidates include your company's Risk Manager, Compliance Manager, Privacy Officer, IT Operations Manager or Legal Counsel.
3. This portal contains a directory of experienced providers of cyber risk management and breach recovery services. Starr does not endorse these companies or their respective services. Before you engage any of these companies, we urge you to conduct your own due diligence to ensure the companies and their services meet your needs. Unless otherwise indicated or approved, payment for services provided by these companies is your responsibility.
4. Should you experience a data breach event, you may choose to call one of the Breach Coaches listed in the portal for immediate triage assistance. Your initial consultation of up to one half-hour is free of charge. Please be aware that the BreachCoach® service is provided by a third-party law firm. Therefore, contacting a BreachCoach does NOT satisfy the claim notification requirements of your policy.

To register for the Starr Insurance Companies eRiskHub:

1. Go to <https://eriskhub.com/starr>.
2. Complete the New User Registration form in the center of the webpage. Create your own username and password. Enter 14768 in the Access Code field.
3. Once you've completed registration, you can login immediately by entering the username and password you just created in the login box in the top right corner of the screen.
