INDEPENDENT AUDITOR'S REPORT

Board of Trustees Gloucester, Cumberland, Salem School Districts Joint Insurance Fund P.O. Box 449 6000 Sagemore Drive, Suite 6203 Marlton, New Jersey 08053

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the Gloucester, Cumberland, Salem School Districts Joint Insurance Fund (the "Fund") as of and for the fiscal years ended June 30, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Fund as of June 30, 2022 and 2021 and the changes in its financial position and its cash flows for the fiscal years then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Department of Banking and Insurance and the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Board of Trustees Gloucester, Cumberland, Salem School Districts Joint Insurance Fund

Responsibilities of Management for the Financial Statements (Cont'd)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness
 of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

Board of Trustees Gloucester, Cumberland, Salem School Districts Joint Insurance Fund

Required Supplementary Information (Cont'd)

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Fund's basic financial statements. The accompanying supplementary schedules as listed in the table of contents are not a required part of the basic financial statements and are presented for purposes of additional analysis. The accompanying supplementary schedules listed in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 10, 2023, on our consideration of the Fund's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Fund's internal control over financial reporting and compliance.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

Board of Trustees Gloucester, Cumberland, Salem School Districts Joint Insurance Fund P.O. Box 449 6000 Sagemore Drive, Suite 6203 Marlton, New Jersey 08053

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Department of Banking and Insurance and the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements of the Gloucester, Cumberland, Salem School Districts Joint Insurance Fund (the "Fund"), as of June 30, 2022 and for the fiscal year then ended, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements, and have issued our report thereon dated March 10, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Fund's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fund's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Fund's financial statements will not be prevented or 8detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Board of Trustees Gloucester, Cumberland, Salem School Districts Joint Insurance Fund

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Fund's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Department of Banking and Insurance and the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fund's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and the audit requirements as prescribed by the Department of Banking and Insurance and the Division of Local Government Services, Department of Community Affairs, State of New Jersey in considering the Fund's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully Submitted,

Gloucester, Cumberland, Salem School Districts Joint Insurance Fund

Management's Discussion and Analysis - Unaudited

This section of the annual financial report of the Gloucester, Cumberland, Salem School Districts Joint Insurance Fund (the "Fund") presents a discussion and analysis of the financial performance of the Fund for the fiscal years ended June 30, 2022, 2021, and 2020. Please read it in conjunction with the basic financial statements that follow this section.

Overview of Basic Financial Statements

The Fund's basic financial statements are prepared on the basis of accounting principles generally accepted in the United States of America for governmental entities and insurance enterprises where applicable. The primary purpose of the Fund is to provide property and casualty insurance coverage for school districts that are members of the Fund. The Fund maintains separate enterprise funds by incurred years and line of coverage. The basic financial statements are presented on an accrual basis of accounting. The three basic financial statements presented are as follows:

Comparative Statements of Net Position – This statement presents information reflecting the Fund's assets, liabilities, reserves, and net position. Net position represents the amount of total assets less total liabilities and reserves.

Comparative Statements of Revenues, Expenses and Changes in Net Position – This statement reflects the Fund's operating revenues and expenses, as well as non-operating items during the reporting period. The change in net position for an enterprise fund is similar to net profit or loss for any other insurance company.

Comparative Statements of Cash Flows – The comparative statements of cash flows is presented on the direct method of reporting, which reflects cash flows from operating, investing, and noncapital financing activities. Cash collections and payments are reflected in this statement to arrive at the net increase or decrease in cash for the fiscal year.

Financial Highlights

The following tables summarize the net position and results of operations for the Fund as of and for the fiscal years ended June 30, 2022, 2021, and 2020.

Financial Highlights Continued

Overall increases in total premiums reflect exposure increases within the fund membership due to the addition of three (3) new Districts.

During the fiscal year, the Fund continued its long-term success in controlling administrative and operating costs. The Fund's overall budget for the 2021-2022 Fund Year was a 4.66% increase over the 2020-2021 Fund Year. The loss funding increased 2.58%, the School Pool For Excess Limited Liability JIF's increase of 11.57%, Student Accident Insurance Premium decreased 8.06%, and operating expense increase of 2.50%.

The Fund reported a deficit in the 2021-2022 and 2017-2018 fund years. The deficit was caused by current ultimate loss projections costs exceeding actuarial expectations. The ultimate liability to the applicable fund years were capped because of aggregate excess liability insurance protection.

The Fund authorized a \$200,000 surplus return to its members during the 2021-2022 fund year which is \$100,000 increase over 2020-2021. The Fund is taking a prudent approach toward surplus distribution.

Economic Conditions

The decrease of 15.3% (\$16,768) in Investment Income is the result of current market conditions. The Fund regularly monitors investment maturities in reference to liabilities and market conditions. The Fund currently has investments in Certificate of Deposit.

Reinsurance costs globally have continued to develop in an extended hard marketplace. Global property markets, in particular, continue to experience significant rate pressure because of catastrophic hurricane, fire, flood and hail loss events averaging between \$50+ billion annually from in 2018-2022. Global property market rates are skyrocketing as capacity decreases. The liability market pressures are the result of various high dollar verdicts that are becoming more frequent across coverage lines, specifically in the area of sexual abuse and molestation. In the State of NJ, coverage for such losses has become materially restrictive and more difficult to secure due to the reviver law that provides broad expansion of the applicable statute of limitations with regard to reporting. Cyber Liability losses worldwide are driving material increases in premiums and the trend is expected to continue with dramatic premium increases and coverage restrictions. Workers' compensation costs remain relatively stable, but continue to be influenced by medical inflation and increased indemnity awards. The on-going COVID-19 pandemic and the potential far-reaching impact economically is still unfolding and difficult to measure at this time. Generally, extended periods of economic stability are accompanied by corresponding stability in overall workers' compensation loss experience. Employment practice exposures are always a material concern and exposures continue to grow because of the development and expansion of laws in this area. The Fund monitors these economic conditions and continues an emphasis on employer & employee training to reduce accidents and claims.

Contacting the Fund's Management

This financial report is designed to provide the Gloucester, Cumberland, Salem School Districts Joint Insurance Fund members and the Department of Banking and Insurance of the State of New Jersey with a general overview of the Fund's finances and to demonstrate the Fund's accountability for the public funds it receives. If you have any questions about this report or need additional financial information, contact the Executive Director of the Gloucester, Cumberland, Salem School Districts Joint Insurance Fund office located at 6000 Sagemore Drive, Suite 6203, Marlton, New Jersey 08053 or by phone at (856) 446-9132.

Note 1: ORGANIZATION AND DESCRIPTION OF THE FUND

The Gloucester, Cumberland, Salem School Districts Joint Insurance Fund (the "Fund") was formed on July 1, 1998, in accordance with P.L. 1983, C.108, entitled "An Act Concerning Board of Education Insurance", under the provisions of N.J.S.A. 18A:18B1-10. The Fund is operated in accordance with regulations of the Department of Banking and Insurance and the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

The Board of Trustees of the Fund may approve the membership of any New Jersey School District by a majority vote or may terminate any member by a majority vote, after proper notice has been given. Approval of participation is granted for a minimum of one plan period and a maximum of three plan periods at a time.

During the fiscal year ended June 30, 2022, members of the Fund included the following school districts: Delsea Regional High School District, Deptford Township, East Greenwich Township, Elk Township, Fairfield Township, Gateway Regional, Greenwich Township, Greenwich Township – Cumberland, Monroe Township, National Park Borough, Oldmans Township, Penns Grove-Carneys Point Regional, Pennsauken Township, Pennsville Township, Salem County Special Services School, Salem County Vocational Technical School, South Harrison Township, Stow Creek Township, Upper Deerfield Township, Wenonah Borough, Westville Borough, Woodbury Heights Borough and Woodstown–Pilesgrove Regional School

All members' contributions to the Fund, including a reserve for contingencies, are based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Banking and Insurance may order additional assessments to supplement the Fund's claim, loss retention or administrative accounts to assure the payment of the Fund's obligations.

The Fund offers the following coverages to its members:

Property (including Crime and Auto Physical Damage)
General Liability
Automobile Liability
Workers' Compensation
School Board Legal Liability
Boiler and Machinery (Group Purchase)
Pollution Legal Liability (Group Purchase)
Student Accident Insurance (Group Purchase)
Cyber Liability (Group Purchase)
Violent Malicious Acts (Group Purchase)
Disaster Management (Group Purchase)
Unmanned Aerial Systems (Group Purchase)

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the more significant policies followed by the Fund in the preparation of the accompanying financial statements:

Component Unit

In evaluating how to define the Fund for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statements No. 14, *The Financial Reporting Entity*, as amended. Blended component units, although legally separate entities, are insubstance part of the primary entity's operations. Each discretely presented component unit would be or is reported in a separate column in the financial statements to emphasize that it is legally separate from the primary entity.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the primary entity. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the primary entity is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary entity could warrant its inclusion within the reporting entity.

Based upon the application of these criteria, the Fund has no component units and is not includable in any other reporting entity.

Basis of Presentation

The financial statements of the Fund have been prepared in accordance with accounting principles generally accepted in the United States of America applicable to enterprise funds of State and Local Governments on a going concern basis. The focus of enterprise funds is the measurement of economic resources, that is, the determination of operating income, changes in net position (or cost recovery), financial position and cash flows. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Enterprise funds are accounted for using the accrual basis of accounting.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Basis of Accounting (Cont'd)

Revenues - Exchange and Non-Exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place. Member Assessments are recognized as revenue at the time of assessment.

Expenses - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

Cash, Cash Equivalents, and Investments

Cash and cash equivalents include petty cash, change funds and cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Such is the definition of cash and cash equivalents used in the comparative statements of cash flows. U.S. treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey governmental units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments, which may be purchased by New Jersey governmental units. These permissible investments generally include bonds or other obligations of the United States of America or obligations guaranteed by the United States of America, government money market mutual funds, any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, bonds or other obligations of the local unit or bonds or other obligations of school district of which the local unit is a part or within which the school district is located, bonds or other obligations approved by the Division of Local Government Services in the Department of Community Affairs for investment by local units, local government investment pools, deposits with the State of New Jersey Cash Management Fund, and agreements for the purchase of fully collateralized securities with certain provisions. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

Additionally, the Fund has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Act. In lieu of designating a depository, the cash management plan may provide that the local unit make deposits with the State of New Jersey Cash Management Fund.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Investment Income Allocation

Interest accruals and interest payments on cash instruments, net of investment management fees, and unrealized gains and losses on the market value of investments are allocated every month based upon each line of coverage share of opening cash and investment balances.

Annual Contributions

Annual contributions, as determined by the Fund's Board of Trustees, are due within 30 days of the due date fixed by the Board of Trustees, but not later than February 1. Total contributions are recognized as earned revenue evenly over the fiscal contract period of risk, if different.

Supplemental Contributions

The Board of Trustees shall by majority vote levy upon the participants additional assessments whenever needed or so ordered by the Commissioner of Banking and Insurance to supplement the Fund's claim, loss retention or administrative accounts, after consideration of anticipated investment income, to assure the payment of the Fund's obligations. Supplemental contributions to cover a deficit are recognized as revenue upon approval whether or not actually received.

Unpaid Claims Liabilities

The Fund establishes claims liabilities based on estimates of the ultimate cost of claims (including future claim adjustment expenses) that have been reported but not settled, and of claims that have been incurred but not reported. The length of time for which such costs must be estimated varies depending on the coverage involved. Because actual claims costs depend on such complex factors as inflation, changes in doctrines of legal liability, and damage awards, the process used in computing claims liabilities does not necessarily result in an exact amount, particularly for coverage's such as general liability. Claims liabilities are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claim frequency and other economic and social factors. A provision for inflation in the calculation of estimated future claims costs is implicit in the calculation because reliance is placed both on actual historical data that reflect past inflation and on other factors that are considered to be appropriate modifiers of past experience. Adjustments to claims liabilities are reflected in reserves and cumulative expenses in the periods being reported upon.

A. Reported Claims Case Reserves

Case reserves include estimated unpaid claims cost for both future payments of losses and related allocated claim adjustment expenses as reported by the service agent, Qual-Lynx, Inc.

B. Claims Incurred But Not Reported (IBNR) Reserve In order to recognize claims incurred but not reported, a reserve is calculated by the Fund's actuary, The Actuarial Advantage, Inc.

Case and IBNR Reserve loss calculations represent the estimated liability on expected future development on claims already reported to the Fund plus claims incurred but not yet reported and unknown loss events that are expected to become claims. The liabilities for claims and related adjustment expenses are evaluated using Fund and industry data, case basis evaluations and other statistical analyses, and represent estimates of the ultimate net cost of all losses incurred through June 30, 2022.

Note 2: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)</u>

Unpaid Claims Liabilities (Cont'd)

These liabilities are subject to variability between estimated ultimate losses determined as described and the actual experience as it emerges, including the impact of future changes in claim severity, frequency, and other factors. Management believes that the liabilities for unpaid claims above are adequate. The estimates are reviewed periodically and as adjustments to these liabilities become necessary, such adjustments are reflected in current operations.

Specific/Aggregate Excess Insurance

Specific Excess Insurance - The Fund records each claim at the estimated ultimate cost of settlement even if the costs should exceed the Fund's specific claim self-insured retention level.

Aggregate Excess Insurance - The Fund seeks to limit its exposure to loss in the aggregate by ceding reinsurance to excess carriers under excess coverage insurance contracts in the event that the accumulation of dollars spent within the Fund's retention reaches a predetermined value or attachment point.

Although the excess carrier is liable to the Fund for the amounts insured, the Fund remains liable to its insured's for the full amount of the policies written whether or not the excess carrier meets its obligations to the Fund. Failure of the excess carrier to honor its obligations could result in losses to the Fund. The Fund's Insurance Broker evaluates the financial condition of the excess carrier and monitors concentrations of credit risk arising from similar geographic regions, activities, or economic characteristics of the excess carrier to minimize the Fund's exposure to significant losses from excess carrier insolvencies.

Losses ceded to excess carriers during the fiscal years ended June 30, 2022 and 2021 amounted to \$1,426,077 and \$213,617, respectively.

Fund Transfers

All fund transfers are recognized at the time actual transfers take place.

Intrafund transfers may be conducted by the fund at any time. Intrafund transfers require prior approval of the Department of Banking and Insurance and may be conducted only where each member participates in every loss retention fund account during that fund year.

The Commissioner of the Department of Banking and Insurance shall waive the full participation requirement provided the Fund demonstrates to the Department that it maintains records of each members pro rata share of each claim or loss retention fund account, and that the transfer shall be made so that any potential dividend shall not be reduced for a member that did not participate in the account receiving the transfer.

Intrafund transfers require thirty days prior written notification to the Department of Banking and Insurance. The Fund may seek approval from the Commissioner to make intrafund transfers at any time from a claims or loss retention trust account from any year that has been completed for at least twenty-four months. The intrafund transfer may be in any amount subject to the limitation that after the transfer, the remaining net current surplus must equal or exceed the surplus retention requirement outlined in N.J.A.C. 11:15-4.21.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Fund Transfers (Cont'd)

The membership for each fiscal year involving intrafund transfers must be identical between fiscal years. The Commissioner of the Department of Banking and Insurance shall waive the identical membership requirement provided the Fund demonstrates to the Department that it maintains records of each members pro rata share of each claim or loss retention Fund account, and that the transfer shall be made so that any potential dividend shall not be reduced for a member that did not participate in the year receiving the transfer.

Subrogation

Subrogation and all other recoverable claim amounts, excluding excess insurance, are recognized upon receipt of cash only.

Return of Surplus/Dividends

Refunds (dividends) are recognized upon authorization of the Fund's Trustees. Any moneys for a Fund year in excess of the amount necessary to fund all obligations for that fiscal year may be declared to be refundable by the Fund no less than twenty-four months after the end of the fiscal year. The initial and any subsequent refund for any year from a Claim or Loss Retention Account may be in any amount subject to the limitation that after the transfer, the remaining net current surplus must equal or exceed the surplus retention requirement outlined in N.J.A.C. 11:15-4.21.

A full and final refund of net current surplus will not be allowed until all case reserves and all unpaid claim reserves are closed. A refund for any fiscal year shall be paid only in proportion to the member's participation (percentage of contribution to all contributions) to the fund for such year. Payment of a refund on a previous year shall not be contingent on the members' continued membership in the fund after that year.

Administrative Expenses

Administrative expenses are comprised mainly of compensation for services rendered by servicing organizations and appointed officials pursuant to written fee guidelines submitted and approved by a majority of the Delegates/Board of Trustees. In instances where invoices have not been submitted for specific periods, the maximum allowable contract amount has been accrued.

Income Taxes

The Fund is exempt from income taxes under Section 115 of the Internal Revenue Code.

Net Position

In accordance with the provisions of the Governmental Accounting Standards Board Statement 34, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments", the Fund has classified its net position as unrestricted. This component of net position consists of net positions that do not meet the definition of "restricted" or "net investment in capital assets" and includes net position that may be allocated for specific purposes by the Board.

Note 2: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)</u>

Operating and Non-Operating Revenues and Expenses

Operating revenues include all revenues derived from member contributions. Non-operating revenues principally consist of interest income earned on various interest-bearing accounts.

Operating expenses include expenses associated with the fund operations, including claims expense, insurance and administrative expenses.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 3: CASH AND CASH EQUIVALENTS

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the Fund's deposits might not be recovered. Although the Fund does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the Fund in excess of FDIC insured amounts are protected by GUDPA.

However, GUDPA does not protect intermingled trust funds such as salary withholdings or funds that may pass to the Fund relative to the happening of a future condition. If the Fund had any such funds, they would be shown as Uninsured and Uncollateralized.

Of the Fund's bank balance of \$8,694,299 as of June 30, 2022, \$750,000 was insured while \$7,944,299 was collateralized under GUDPA.

Of the Fund's bank balance of \$13,569,743 as of June 30, 2021, \$750,000 was insured while \$12,819,743 was collateralized under GUDPA.

New Jersey Cash Management Fund

During the fiscal year, the Fund participated in the New Jersey Cash Management Fund. The Cash Management Fund is governed by regulations of the State Investment Council, who prescribe standards designed to insure the quality of investments in order to minimize risk to the Funds participants. Deposits with the New Jersey Cash Management Fund are not subject to custodial credit risk as defined above. At June 30, 2022 and 2021, the Fund's deposits with the New Jersey Cash Management Fund were \$4,002,715 and \$0, respectively.

Note 4: GROUP PURCHASE ACCOUNT

The Fund offers additional coverage to its members for Boiler and Machinery Liability, Pollution Legal Liability and Student Accident Liability. The assessments and premium expense for these coverages are treated as pass-through items in the Group Purchase Account.

Note 5: PROVISION FOR EXCESS INSURANCE RECOVERABLE

The provision for excess insurance recoverable is the estimated amount of claims recoverable under the Fund's excess insurance contracts. This provision is subject to the variability between the estimated ultimate net cost of claims incurred and the actual loss experience as claims develop.

The provision at June 30, 2022 and 2021, represents the aggregate claim reserves in excess of the Fund's self-insured retention limits under the excess insurance contracts.

Note 6: CHANGES IN UNPAID CLAIMS LIABILITIES

As discussed in Note 2, the Fund establishes a liability for both reported and unreported insured events, which includes estimates of future payments of losses and related allocated claim adjustment expenses.

The following represents changes in those aggregate undiscounted reported and unreported liabilities for the fiscal years ended June 30, 2022 and 2021 and for all open Fund years net of excess insurance recoveries:

T. IX. LOU. A LOU.	<u>2022</u>	<u>2021</u>
Total Unpaid Claim And Claim		
Adjustment Expenses - Beginning	\$ 6,801,781	\$ 7,683,516

Provision For Insured Events Of Current Fund Year	4,015,449	3,183,300
Changes In Provision For Insured Events Of		
Prior Fund Years	(1,322,292)	(1,453,036)
Total Incurred Claims And Claims Adjustment		
Expenses All Fund Years	2,693,157	1,730,264
Payments (Net Of Subrogation):		
Claims And Claims Adjustment Expenses:		
Attributable To Insured Events Of Current Fund Year	1,562,560	775,112
Attributable To Insured Events Of Prior Fund Years	1,845,306	1,836,887
Total Payments All Fund Years	3,407,866	2,611,999
Total Unpaid Claim And Claim		
Adjustment Expenses - Ending	\$ 6,087,072	\$ 6,801,781

Note 7: SCHOOL POOL FOR EXCESS LIABILTY LIMITS JOINT INSURANCE FUND

Effective July 1, 2001, the Fund joined the School Pool for Excess Liability Limits Joint Insurance Fund (the "SPELL"). The SPELL is a joint insurance fund formed to provide excess coverage for member school funds. Each member appoints two delegates to represent their respective joint insurance fund for the purpose of creating a governing body from which the board of trustees of the SPELL is elected.

The Fund could be subject to supplemental assessments in the event of deficiencies in the loss funds of the SPELL. If the assets of the SPELL were to be exhausted, its members would become jointly and severely liable for the SPELL's liabilities.

The SPELL can declare and refund surplus to its members upon approval by the State of New Jersey Department of Banking and Insurance.

The SPELL has recorded loss reserves resulting in deficits of \$3,999,109 and \$3,577,605 in its combined loss funds for all years as of June 30, 2022 and 2021, respectively. Accordingly, the Fund has recorded liabilities for accrued insurance in the combined amount of \$919,062 and \$813,922 as of June 30, 2022 and 2021, respectively, which represents the Fund's respective share of the SPELL's deficit.

The liabilities have been expensed to the related Fund years as follows:

	As of	As of June 30th						
	<u>2022</u>	<u>2021</u>						
Fund Year								
2002	\$ 48,976	\$ 44,181						
2003	37,726	38,488						
2005	69,417	71,770						
2006	109,577	111,972						
2008	5,248	5,248						
2009	209,825	210,306						
2010	6,704	7,713						
2011	333,732	324,182						
2017	68	62						
2022	97,789	-						
	\$ 919,062	\$ 813,922						

Note 8: RETURN OF SURPLUS

The Board of Trustees approved a surplus distribution in the amount of \$200,000 for the fiscal years ended June 30, 2022, and were expensed to the 2017 fund year.

The Board of Trustees approved a surplus distribution in the amount of \$100,000 for the fiscal year ended June 30, 2021, and were expensed to the 2017 fund year.

Note 9: <u>RELATED PARTY TRANSACTIONS</u>

As disclosed in Note 8, the Fund is a member of the School Pool for Excess Liability Limits Joint Insurance Fund and accordingly has an ownership interest in the SPELL. Excess insurance premiums paid to the SPELL as of June 30, 2022 and 2021 were \$1,991,518 and \$1,701,025, respectively.

Note 10: COVID-19 PANDEMIC

<u>COVID-19 Pandemic</u> - While there are many issues that are increasing claims cost for New Jersey public entities, management is confident that the Fund and its affiliated Joint Insurance Funds/Counties are in an exceptionally strong position because of decades of conservative financial practices. Management continues to evaluate the impact of the COVID-19 pandemic on workers' compensation on the Fund.

<u>Claims Activity</u> - Workers' compensation claims are also expected to increase because of recent changes in the public employee pension plans that will reduce the plans' contribution in total disability claims. Fortunately, the Fund's members are experiencing a lower rate of other employee accidents because of improved safety programs. Liability claims are increasing because of the recent change in the statute of limitations for sexual molestation lawsuits and the reluctance of the NJ Court System to grant summary judgements when Title 59 immunities should apply.
